

Material Safety Data Sheet
According to the directive 91/155/CEE
According to the regolamento CE 1907/2006
Issue Date: 20/07/2007 data Rev. Date: 20/07/2007
Data Sheet B0719en Rev. n. 0

1. Product and Company Identification

Product Name: TK 520M– TONER MAGENTA 4K PER D-COLOR P216
Product Code: B0719
Product Description: Magenta toner

Company Details: Olivetti S.p.A.
Via Jervis 77
10015 Ivrea (TO) - ITALY

For information: Tel. 0039 (0)125 522710
Fax 0039 (0)125 522711
e-mail : supplies@olivetti.com

For emergency: Centro Antiveleni-Ospedale Niguarda (Milan)
0039 (0)2 66101029

2. Hazards Indications

The product is not classified dangerous according to European Directive 1999/45/CE.

Skin Contact: Improbable irritation to the skin.
Ingestion: Product ingestion is unforeseeable during the normal use.
Inhalation: Unforeseeable during the normal use. Prolonged inhalation of significant quantity of powder could cause damages to the lungs.
Eye contact: Can cause eye irritation.
Hazard Specifics: The explosion of the powders is improbable during the normal use.
As many organic powers final split can create explosive mixtures.

3. Composition / information on ingredients

Substance or prepared product: prepared product.

Chemical names*	%	CAS No.	EINECS No.
Polyester Rezin	80-90	-	-
Styrene acrylate copolymer	5-10	-	-
Ester Wax	1-5	-	-
Organic pigment	1-5	-	-
Silice	1-5	7631-86-9	-

*Limits of occupational exposure are reported in section 8 if they are available.

**Supplier's confidential information.

4. First Aid Measures

Inhalation:	If inhaled, move the person to a place of open air and rinse the mouth with plenty of water. In case of the person stop breathing, apply artificial respiration. If the person has difficulty in breathing, supply oxygen. Seek advise from doctor if the symptoms persist.
Ingestion:	Rinse the mouth. Drink one or two glasses of water for dilution. Seek advise from doctors if the symptoms persist.
Skin Contact:	Wash with plenty of water and soap. Seek advise from doctor if irritation persists. May cause irritation
Eye Contact:	Check and remove contact lenses. In case of the contact, wash the eyes for at least 15 minutes. Seek advise from doctors if the symptoms

5. Fire – Fighting Measures

Extinguishing Media:	Water, foam, CO2 and chemical powder. Do not throw water directly.
Special fire-fighting procedures:	Wear protective breathing apparatus (oxygen mask if in closed space) and suitable protective clothing.
Hazardous products of thermal decomposition:	Can produce carbon oxides, metallic oxides and smoke.

6. Accidental Release Measures

Personal Protections:	In case of the accidental release, avoid inhalation, ingestion, eye and skin contacts.
Precautions for the Environment:	Do not dispose in the environment. Dispose the product as waste.
Clean-up Method:	In case of accidental spilt due to broken wrapping, do not spread the product, collect it with a suitable vacuum cleaner or adsorb it with a wet mop.
NOTE: See section 8 for personal protection equipments and section 13 for the product disposal.	

7. Handling and Storage

Handling:	Keep the container closed. Keep away from heat and other possible sources of triggers. Do not intake. Do not breath in powders.
Storage:	Store the container well-closed in a cool and dry place.

Issue Date: 20/07/2007 data Rev. Date: 20/07/2007
Data Sheet B0719en Rev. n. 0

8. Exposure Controls and Personal Protection

Ventilation:	Not required for the normal uses.
Hygiene Measures:	Wash hands after product use and before eating.
Limits of Occupational Exposure:	
ACGIH TLV (2000) :	Silica 10 mg/ m ³ total dust 10 mg/ m ³
OSHA PEL (1993) :	Silica 5 mg/ m ³ total dust 15 mg/ m ³

9. Physical and Chemical Properties

Physical state:	Solid (fine powder).
Colour:	Magenta
pH:	Not applicable.
Melting Point:	115°.
Explosive properties:	Not available.
Density:	1,4 (H ₂ O=1).
Water Solubility:	Almost Insoluble in water.

10. Stability and Reactivity

Stability:	Stable, in the normal conditions of use and storage.
Incompatible Materials:	Avoid strong oxidizing agents.
Conditions to be avoid:	Contact with fire and electrical discharges.
Product of Degradation Hazards:	The thermal decomposition can generate carbon oxides and metal oxides.

11. Toxicological Information

Acute oral toxicity (DL ₅₀):	No data available
Acute inhalation toxicity (CL ₅₀):	No data available
Acute dermal toxicity (DL ₅₀):	No data available
Eye Irritation:	No data available
Skin irritation:	No data available
Skin sensitization:	No data available
Reproductive Toxicity:	Non toxic for reproductive systems according to European Directive 67/548/CEE.
Carcinogenic Effects:	Non carcinogenic nor potentially carcinogenic, according to European Directive 67/548/CEE, IARC e ACGIH.
Mutagenicity (Ames test) :	Negative.

12. Ecological Information

There is no information indicates negative ecological effects.
Avoid uncontrolled disposal in the environment.

13. Disposal Considerations

Dispose in compliance to the directive of 75/442/CEE (as modified from the Directives 91/156/CEE, 91/692/CEE, 96/59/CE and of Decision 96/350/CE) and according to the following regulations:

- Directive 91/689/CEE on hazardous wastes.
- Resolution 2000/532/CE and following modifications about institution of a new community waste's list.
- Directive 94/62/CE on the package and waste of package.

14. Transport information

There is no precaution in particular.

15. Regulatory Information

Labelling according to European Directive 1999/45/CE, 67/548/CEE and the successive modifications and integration.

Danger symbol:	Not required.
Phrase of risk:	Not required.
Prudence suggestions:	Not required.

16. Other Information

This Material Safety Data Sheet was prepared in compliance with EU Directive 91/155/CEE including amendments and integrations.

The Sheet establishes a integrative document relative on the product usage instructions but does not substitute the product usage instructions itself.

The information contained in this sheet about the substances indicated, are referred to their conditions in the particular way the product is prepared and immersed in the market. The information is NOT valid for other combinations of these substances.

The information given is based on the knowledge acquired in the subject matter on the date which the Safety Data Sheet is written.

It is the user responsibility to use the products only for the anticipated ways and verify the appropriateness of each information for the usage.
