Instant conferencing anywhere

Wherever you and your colleagues are, enjoy instant, high-quality conferencing with a portable, wireless speakerphone for today's mobile workforce. Use for both personal and medium-sized conferences of up to 8 participants or as a permanent setup.

Simply plug-and-play via Bluetooth® or USB-C to get the conversation started. Then experience enhanced voice pickup and superior speaker sound, enabling everyone on the call to engage with the same confidence and clarity as if being there in person. Off calls, you can enjoy music performance with EPOS' renowned sound quality. Together with the benefit of multi-point connectivity, you get total adaptability for your dynamic, modern business. Crafted to perfection, the EXPAND 30 Series is a flexible conferencing tool all about high class and high performance.

Enjoy instant conferencing anywhere

Portable with Bluetooth® or USB-C connection, multi-point connectivity – for up to three devices and one touch access to Voice Assistant or Microsoft Teams functionalities

Get exceptional audio performance

With EPOS Voice™ technology, ultra-low distortion speaker and two echo and noise-cancelling microphones with advanced algorithms

Natural conversation experience

With industry-leading duplex performance that allows simultaneous speech

Crafted to perfection

From premium-quality materials in a compact, lightweight design with convenient cable winding and safe dongle storage

For personal or shared use

For your personal use or to equip huddle spaces and small meeting rooms for up to 8 participants
