NOTES TO DESIGNER:

The name of the product and the weight must appear in the same field of vision.

Print height for weight/volume statement (minimum); less than 50g/ml = 2mm, 50g/ml-199g/ml = 3mm, 200g/ml to 999g/ml = 4mm, 1kg/l and above = 6mm. e mark = 3mm.

All mandatory information (legal name, ingredient list, best before/use by, storage conditions, usage instructions, nutrition, name and full postal address) must appear using a font size where the 'x' height is equal to or greater than 1.2mm. Where the largest surface area of the packaging is <80cm² the font size shall be equal to or greater than 0.9mm.

'X'-HEIGHT = 6

Allergenic substances in the ingredient list must be emphasised through a typeset that clearly distinguishes it from the rest of the ingredients, for example by means of the font, style or background colour. They have been highlighted in bold in this document.

Nutrition should be expressed in tabular format where the size of the packaging permits.
